Yeah, see, pride. So gay. **\$1,900** [conranusa.com](http://conranusa.com)

Complete with 60 built-in digital sounds including a true-to-life grand piano boom and a responsive keyboard that both beginners and serious artists can appreciate. Gotta love the red, too! **\$499** [korg.com/micropiano](http://korg.com/micropiano)
